

# **DEEP GRANT REQUEST**

## **K-12 TEACHERS**

To: Danvers Public Schools K-12 Teaching Staff  
From: Mark B. Strout, DEEP Secretary

Re: **Grant Proposals**

Dear Teachers,

It is with great pleasure that the Danvers Educational Enrichment Partnership is seeking funding proposals for innovative curriculum projects which will benefit our students. **All Grant Application MUST be signed by your Building Principal!**

**The corporation is organized to achieve the following objectives in support of the town of Danvers Public Schools:**

1. To give students and teachers a realistic picture of the business world and the preparation students need for success by way of a visible School-To-Career program.
2. To give business and the community an understanding of the educational system.
3. To build better relationships and increase communication among the schools, community and business.
4. To create specific business partnerships with the community and the schools.
5. To establish and maintain an endowment fund, and to encourage innovative curriculum, through grant offerings.

It is important to remember that funding is for *innovative curriculum offerings* to our students. If you are applying for *computer software programs*, **PLEASE** E-mail Jeff Liberman, K-12 Director of Technology (Liberman@danvers.org) **before** filling out your grant request to make sure that the software you are applying for is compatible with the school's hardware. Jeff will be happy to answer your E-mails in a timely manner. Please fill out the Cover Sheet section of the grant application and attach a complete description (on separate paper) of your funding proposal.

Respectfully,

Mark B. Strout, DEEP Secretary
