WE DID IT! This has been the most remarkable of years, one that we're sure none of us could have dreamed up. DEEP shares a collective sigh of relief with our community as we emerge from the pandemic. We are so grateful for the teachers, faculty, staff, parents and children who worked so hard to keep learning going during such a challenging time. And even though the year was difficult, there is much to celebrate.

The class of 2021 was a masterclass in perseverance. We are so proud of their accomplishments and happy that they are able to celebrate in person this spring as they graduate together as a class. We wish them all the best in their future endeavors.

Even with fundraising on hold, DEEP was able to continue to support the schools and our partnerships with school-based and community events. We welcomed several new corporate members, and are grateful for the support of *all* of the business partners who started or sustained memberships this year. We know how difficult these times have been, and it is an honor to be the recipient of what we know are such important resources.

We honor the retirement of eighteen staff members from the Danvers Public Schools. Together they have made a combined 375+ years of impact on our district, each with no less than a decade of service to the schools. We offer them our heartfelt thanks, our deep gratitude and wish them the best as they move into the next chapter of their lives.

It is our hope that you are able to carve out time to rest, renew and recover this summer. Everyone has been touched by the highs and lows of this last year, and we look forward to sharing with you the amazing learning opportunities DEEP will support in 2021. Thank you for your support and have a safe and sun-filled summer!

Become A Member of DEEP

DEEP is looking for parents to join the board and help us continue our commitment to our schools. Help us fundraise, select grants and plan for the future. The time commitment is short, but the benefits are many. It's also a great way to continue your support of the schools during the middle and high school years.

Interested in seeing what we're all about? All are welcome to join us at our first meeting of the new school year on Wednesday, September 15, at 7:45 a.m. All meetings are held at Brookline Bank, 107 High Street.

Protection for today; **planning** for tomorrow

Educators are taking care of our children's futures, and they deserve someone in their corner taking care of them. We believe this to our core. And since 1945, that belief has driven us to create products and services that put teachers first — to help them protect what matters most today and prepare for a successful tomorrow.

★★★★★ "Not only did we get an amazing rate and save a ton on our mortgage, but everyone we worked with was so nice, flexible, and made everything easy to understand. The online portal was simple and effective to work with, and took away a lot of stress with keeping track of so many documents.

We did the whole refi in maybe 3-4 weeks beginning to end. They were also incredibly flexible to complete the closing at our home because of COVID-19. Can't recommend Brad Vocino enough!"

—Tara H.

★★★★★ "This is the second time within less than a year that we refinanced our mortgage with Brad. The process was very quick and he able to lock us into a lower rate than we had anticipated. I would highly recommend Brad Vocino for any mortgage needs!"

—Audrey B.

★★★★★ "Brad is one of the best out there to work with personally and professionally. He treats you like you are his only client, explains the process from A to Z and makes you feel comfortable with one of the largest transactions in your life. I would recommend Brad to everyone."

—Katrina B.

★★★★★ "Brad and his team at Ross Mortgage were so incredible to work with. Brad's dedication and customer service was evident right away when he returned our voicemail while he was on vacation with his family. He was so friendly and helpful throughout the entire process, and since we were first time home buyers he was such an amazing resource for us. Brad and his team really made the whole experience as stress free as possible and we would definitely recommend them."
